Managing Your Stress

Tips for Coping with the Oil Spill Disaster

What You Need to Know
Financial and personal stress resulting from the oil spill is a normal reaction and may impact some individuals and communities for a long period of time. During and after a stressful event, be aware of how you are feeling physically and emotionally. Know the signs of stress in yourself and your loved ones, how to relieve stress, and when to get help.

Know the Signs of Stress

Your Behavior:

- An increase or decrease in your energy and activity levels
- An increase in your alcohol use, tobacco use, or use of illegal drugs
- An increase in irritability, with outbursts of anger and frequent arguing
- Having trouble relaxing or sleeping
- Crying frequently
- Worrying excessively
- Wanting to be alone most of the time
- Blaming other people for everything
- Having difficulty communicating or listening
- Having difficulty giving or accepting help
- Inability to feel pleasure or have fun

Your Body:

- Having stomach aches or diarrhea
- Having headaches and other pains
- Losing your appetite or eating too much
- Sweating or having chills
- Getting tremors or muscle twitches
- Being easily startled
- Experiencing a change in sleeping patterns

Your Emotions:

- Being anxious or fearful
- Feeling depressed
- Feeling guilty
- Feeling angry
• Feeling heroic, overly energetic, or invulnerable
• Not caring about anything
• Feeling overwhelmed by sadness

Your Thinking:
• Having trouble remembering things
• Feeling confused
• Having trouble thinking clearly and concentrating
• Having difficulty making decisions

Know How To Relieve Stress
You can manage and alleviate your stress by taking time to take care of yourself.

Keep Yourself Healthy:
• Eat healthy foods, and drink water
• Avoid excessive amounts of caffeine
• Avoid use of alcohol or drugs
• Get enough sleep and rest
• Get physical exercise

Use Practical Ways To Relax:
• Relax your body often by doing things that work for you—take deep breaths, stretch, meditate, engage in pleasurable hobbies, listen to music, or spend time with family and friends
• Pace yourself between stressful activities, and do a fun thing after a hard task
• Use time off to relax—eat a good meal, read, listen to music, take a bath, or talk to family
• Talk about your feelings to loved ones and friends

Pay Attention to Your Body, Feelings, and Spirit:
• Recognize and pay attention to any early warning signs of stress
• Recognize how your own past experiences affect your way of handling this event, and think of how you handled past events
• Know that feeling stressed, depressed, guilty, or angry is common after a traumatic event
• Take time to renew your spirit through meditation, prayer, or helping others in need
• Consider ways to help your community recover from the oil spill
• Be patient with yourself and others. It may take time to feel like you have regained control over your life.
